

Pink Kisses® Friendstick DIY

Do you want to personalise Pink Kisses® with a cute Friendstick? The Friendstick is currently included with Pink Kisses® in many retail outlets. But if you can't find Pink Kisses® with a Friendstick in a shop near you, we show you how to make your own Friendstick. You need this template, a wooden stick (for example a wooden skewer) and some glue.

1. **Print out this template, preferably in colour.**
2. **Cut out the two circles.**
3. **Now label them with a caring message.**
4. **Then place the wooden stick between the front and back sides and glue the two circles together – and your Friendstick is finished!**
